Offer Description

Reference: 2023_008_BI_ATLANTIDA

A competition is open for the attribution of 1 research Grant in the framework of the project ATLANTIDA - PLATFORM FOR THE MONITORING OF THE NORTH ATLANTIC OCEAN AND TOOLS FOR THE SUSTAINABLE EXPLOITATION OF THE MARINE RESOURCES, reference NORTE-01-0145-FEDER-000040, financed through the European Regional Development Fund (ERDF), within the R&D Institution CIIMAR (Interdisciplinary Centre of Marine and Environmental Research), according to the following conditions:

- 1. Scientific area: Environmental Sciences / Geographical Sciences;
- 2. Admission requirements: Any national, foreign or stateless candidate(s) who hold a BSc degree in Environmental Sciences, Geosciences or similar areas, preferably with experience in image analysis and geographical information systems, and enrolled in a master's program at the time of application, with the aim of consolidating her/his scientific training through the development of research work leading to the achievement of the respective MSc degree or on a non-academic degree course integrated in an educational project of a developed higher education institution in association or cooperation with one or more R&D units. If the applicant is not yet enrolled, she/he must meet the requirements to register; enrolment will be mandatory and proof necessary only at the moment of scholarship contracting.

The candidate must be available to develop his/her master's thesis under the theme "Coastal remote-sensing monitoring".

Academic degrees awarded by a foreign higher education institution must comply with the provisions of Decree-Law no. 66/2018 of 16th August, which approves the legal regime of recognition of academic degrees and diplomas of Higher Education, attributed by foreign higher education institutions, being any formalities established there in fulfilled only by the date of the contracting act.

- **3. Work plan**: The selected candidate will work for the project ATLANTIDA, namely within research line RL1 "Ocean and coastal monitoring and modelling", activity A1.1 "Coastal observatory and monitoring". This activity will assess the distribution of coastal habitats using remote sensing data. The work will mainly focus on image analysis and on geographical data analysis, in a GIS environment.
- **4. Legislation and official rules**: Law nº 40/2004, 18th August (Research Fellowship and Studentship Regulation) amended and republished by Decreto-Lei n.º 202/2012, 27th August; Regulations for Studentships and Fellowships of the Fundação para a Ciência e a Tecnologia, I.P. and CIIMAR Grants Regulation.
- **5. Work place**: The work will be carried out at CIIMAR, Edificio do Terminal de Cruzeiros do Porto de Leixões, Av. General Norton de Matos, s/n, 4450-208 Matosinhos, within the Coastal Monitoring and Management team, under the supervision of Dr. Ana Bio.
- 6. Duration of the contract: Duration of 6 months, expected to start on 1st March 2023, under the regime of exclusive dedication.
- 7. Monthly salary: Monthly stipend is \in 875,98 according to the stipends established by FCT, I.P. in agreement with the monthly maintenance stipend table of the grants directly attributed by FCT, I.P. within the country https://www.fct.pt/apoios/bolsas/valores.phtml.en. Payment will be made monthly by bank transfer.

In addition the candidate will also be entitled to the reimbursement of Social Security payments ("Seguro Social Voluntário") and personal accident insurance.

- 8. Selection methods: The evaluation will take into account:
- Merit of the academic curriculum and performance (global appreciation taking into account the BSc degree, its appropriateness to the position as well as the performance of the candidate in such degree) 30%;
- Relevant experience and qualification for the proposed research area, namely in digital image processing and GIS 70%.

The evaluation process may include an interview with the three top candidates, in which case the interview will have a weight of 20% and the evaluation previously carried out will have a weight of 80%.

The jury reserves the right to not assign the research grant if none of the candidates meets all requirements and matches the desired profile.

9. Composition of the jury selection:

President of the jury: Ana Bio, PhD

Vogal: José Alberto Gonçalves, PhD

Vogal: Isabel Iglesias, PhD

- 10. Deadline for application and presentation of applications: The competition is open from 13/01/2023 until 26/01/2023. The applications must be formalized, compulsorily, by sending the following documents:
 - detailed Curriculum vitae
 - copy of the eligibility certificates
 - evidence of enrollment in a master/integrated master program or non-academic degree course
 - · motivation letter
 - · contact e-mail address and phone number.

Applications must be sent by email to rh@ciimar.up.pt, with the subjet: 2023_008_BI_ATLANTIDA.

Applications that do not include all the elements previously indicated will not be considered.

11. Form of advertising/notification of results: The results of the first step of the evaluation (pre-selection) will be published on the website of CIIMAR and sent by e-mail. The candidates have a 10-working day term in which to contest the decision, if they so wish, as provided for in the "Código do Procedimento Administrativo", in a preliminary hearing setting.

Panel's final decisions are pronounced within a maximum period of 90 days, counting from deadline for submission of applications.

12. Non-discrimination and equal access policy: CIIMAR actively promotes a non-discrimination and equal access policy, wherefore no candidate can be privileged, benefited, impaired or deprived of any rights whatsoever, or be exempt of any duties based on their ancestry, age, sex, sexual preference, marital status, family and economic conditions, instruction, origin or social conditions, genetic heritage, reduced work capacity, disability, chronic illness, nationality, ethnic origin or race, origin territory, language, religion, political or ideological convictions and union membership.

Pursuant to Decree-Law no. 29/2001 of 3 February, disabled candidates shall be preferred in a situation of equal classification, and said preference supersedes any legal preferences. Candidates must declare, on their honour, their respective disability degree, type of disability and communication/expression means to be used during selection period on their application form, under the regulations above.
